Information for Care Center Residents and Families

PLEASE EXERCISE VIGILANCE WITH HAND WASHING!

We understand that these circumstances are difficult and appreciate your cooperation.

Information for Independent Residents Please report any symptoms of fever with sore throat, congestion, and cough to Health & Wellness.

ALL Deliveries need to be dropped off at the front desk. We have staff that will be sure to get your items to you. We may need to limit who can come on campus if this is not upheld.

The Maintenance Department is here to work on Emergency work orders until further notice. We are trying to limit the number of people in your apartment.

Please see the Advanced Care planning information given today in your mailbox. Contact Health and wellness with any questions.

We are able to take re-orders for Acme, as we have gone through the whole list (after today's shopping). If you need things, please contact Erin Price or Sharon Sydnor. Once we get to your name, someone will call you to get your order. Please limit to 10 items.

Updates will continue to be provided as necessary and are posted on our website: www.dunwoody.org if your family is interested in following this information.
