Residential cases recovered	1 case

**Skilled Nursing**

Skilled Nursing	8 cases - 1 new case as of 5/8/20
Skilled Pending cases	<b>38 cases - 3 pending cases were negative</b>
Skilled inconclusive test	1 case
Skilled Covid related deaths	6 deaths

**Personal Care**

Personal Care	0 cases
Personal Care Pending cases	1 case
Personal Care Covid related deaths	0 cases

**Employees**

DV Employees	<b>8 cases – self-isolated at home</b>
DAH Employees	0 cases – self-isolated at home
Employee Pending cases	<b>0 case</b>
COVID cases recovered–employee	<b>8 cases</b>

In residential, we have 2 residents that were retested (one is the positive resident) and one new test, which are all pending. The 3 residents in the skilled center that were pending tested negative. As noted in a previous memo, it was decided to test all Care center residents. This was done on 5/8/20 – 39 tests were done. 1 test has come back negative. The rest should be back in the next day or so. I also was given mis-information that one staff member had recovered. I corrected that under the employee section. Also, the one pending employee tested negative.
