Personal Care 0 cases

Personal Care Pending cases 0 cases

Personal Care Covid related deaths 0 cases

Employees

DV Employees 0 cases – self-isolated at home

DAH Employees 0 cases – self-isolated at home

Employee Pending cases 0 cases

COVID cases recovered–employee 17 cases

Yesterday we tested the rest of the Skilled Care residents as mandated by the State. The other half of the group had already been tested in the timeframe the state provided. We are also starting to test the staff that work in the care center – about 20% each week. They should start testing by the end of the week.

Game Room Questions – I have received a few questions about playing shuffleboard in the game room. This is also allowed and please wipe down equipment when you are finished. The only thing we can't allow at this time is card games – there is no way to clean the cards.

Policy Change if you are going off site (residential living only):

Our original guidance was that if you went off site for a period of time, you would not need to quarantine when you returned, unless you went overseas or somewhere that is considered a hot spot. We have since revised this guidance below:

If you are planning to go on vacation or offsite to a family function, we will ask that you do a soft isolation which would mean wearing a mask walking outside with no other resident contact for 7 days. If you decide to go overseas or to a hotspot, then you will need to quarantine for the full 14 days and stay in your apartment. We are sorry for any confusion. If you have questions, please call Kathy Barton at 610-359-4428 and we can review your specific situation.

We are working out what will be opening up in the next phase over the next week or so – we will be sharing this with you Friday.
