Re: **CONTINUED UPDATE RE: COVID-19**

**August 31, 2020**

**General Update:**

Starting next week, Memos will be sent out twice a week – Tuesdays and Fridays. If we feel there is information that needs to be sent sooner, we will send out a special memo and post information on the website.

**Care Center Update:**

We are currently in Phase 2 of our reopening plan. Visitation is available in this stage – we have inside and outside areas designated for visitation. The number of visitors per resident visit is limited to 2. Visitors must be screened upon entrance, and universal masking is required at all times during the visit. Masks must be properly worn, covering both nose and mouth. Please contact Bernadette Bonner or Rose Ondo at 610-723-4630 or 610-723-4787 to schedule a visit.

**Residential Updates:**

**Services**

If you are having any services being done in your apartment, such as furniture delivery, comcast, computer repairs, or any other service, please contact the front desk in advance and let them know so that we are aware. They must check in at the front desk and have their temperature taken and fill out a questionnaire, as all our contractors are currently doing. Please be sure this is a **necessary service** – we are still trying to limit the number of people in your apartments and on campus.

**Ice Cream Truck – reminder!**

Today we have an ice cream truck coming for the residents after dinner. The truck will be in the main entrance circle from 5:30-7pm – please stay socially distanced while you wait and enjoy the ice cream (I hear it is really good!).

**Travelers:**

According to the PA Department of Health, 3 new states have been added to the list of restricted states – Hawaii, Illinois, and South Dakota. 19 states are on the restricted list: Alabama, Arkansas, California, Florida, Georgia, Hawaii, Idaho, Illinois, Kansas, Louisiana, Mississippi, Missouri, Nevada, North Dakota, Oklahoma, South Carolina, South Dakota, Tennessee, and Texas. Please avoid travel to these states and any areas or local gatherings that are identified as high-risk. No visitors may come on campus from these states without quarantining for 14 days.
