May 21, 2021

Dear Residents and Staff,

I am writing to share with you that although I am fully vaccinated, yesterday I tested positive for COVID-19. According to Federal and State guidance, and in coordination with Dr. Lawrence, Human Resources and Health and Wellness, I will be working remotely until Tuesday June 1, 2021

It is important that if you are showing symptoms of COVID 19 that you follow CDC guidance and stay home and get tested. My only symptom was a fever Tuesday night into Wednesday morning, along with my usual allergies that I have experienced for the last month. I did not come into work on Wednesday. I reported the fever to Human Resources and was rapid and PCR tested. The rapid test was negative yesterday, but the PCR test came back positive today.

Because of my presence in the Main Building, we are asking that all residents wear a mask while in common areas until we can complete contact tracing and testing. This will likely occur through early next week. Please know I am feeling well and I am anxious to get back to Dunwoody.

Best regards,
Maureen
