

General Visitation Guidelines

Failure to abide by the following guidelines will result in visitors being asked to leave the premises.

1. For indoor visitation: 2 visitors permitted at a time.
2. For outdoor visitation: 4 visitors permitted at a time.
3. Visits will be limited to one hour.
4. Upon visitors' arrival, each visitor must utilize the hand sanitizer, fill out the visitor screening form and have their temperature checked.
5. All visitors are required to wear masks **throughout their visit, regardless of vaccination status**. Surgical/procedure masks will be provided. Cloth masks are not permitted.
6. Visitors may not sit or lay in residents' beds. Please utilize the chairs in the room. If additional seating is needed, please ask the nursing staff.
7. During the visit, visitors must stay in their loved one's room or designated visitation area.
8. No eating/drinking during indoor visits. Food and drink are permitted if visiting outdoors.
9. Visitors must keep their personal protective equipment (mask) on at all times during the visit, including when in their loved ones' rooms.
10. Visitors must maintain social distancing. Physical touching is not recommended.
11. Visitors are not to provide hands-on care for their loved ones.
12. Visitors must contact nursing staff for any needs.
13. Children age 12 and older may visit indoors as long as they are able to follow all safety requirements as outlined for visitors.
14. Children under the age of 12 may attend outdoor visitation.
15. At the end of the visit, visitors will sign-out at the care center front desk.
