

March 21, 2025

Dear Dunwoody Village Residents, Staff and Families,

We are proud to announce that we have a new partner for therapy services at Dunwoody Village. Healthcare is a priority in our community, and we are proud of our 5-Star Rating. In an effort to continue with excellent care and service, we will partner with Functional Pathways beginning on April 1, 2025. Functional Pathways is a leading provider of therapy services and will enhance the rehabilitation care we offer to our residents, including physical therapy, occupational therapy and speech therapy services.

Functional Pathways is known for its commitment to high-quality, compassionate care and innovative approaches to therapy. Their team of experienced physical, occupational, and speech therapists will be working closely with Dunwoody Village's staff to support the physical, cognitive, and emotional well-being of our residents, helping them achieve their rehabilitation goals and improve their overall quality of life. With their expertise and personalized care plans, Functional Pathways will ensure that each resident receives therapy services tailored to their individual needs, supporting their recovery and progress in the most effective ways possible. We are confident that this partnership will bring a new level of excellence to the care we provide. To learn more about Functional Pathways and the services they provide, please visit their website at <https://fprehab.com>.

If you have any questions or would like more information about the transition, please do not hesitate to reach out to our team. We look forward to the positive impact that Functional Pathways will have on our community and to continuing to provide the highest standard of care for our residents.

### **Resident Engagement Volunteers**

If you are interested in volunteering to become a member of a work group to address concerns identified in the Resident Engagement Survey, please notify your Ambassador, the Social Worker in your neighborhood or sign up in the Hub on the Administration Bulletin Board. Thank you in advance for your willingness to help! We are asking that Volunteers sign up by end of day on Tuesday March 25, 2025.

### **Gift Shop**

The Dunwoody gift shop is temporarily closed as Marion prepares for the move to the main lobby. We are excited to be working on this transition and will keep everyone posted on the grand opening!

### **Newspaper Delivery – Sunday**

As residents are aware, newspaper delivery is an on-going problem. At this time, we are also unsure of delivery of this Sunday's newspapers, March 23<sup>rd</sup>. Please keep in mind that delivery is part of the cost of your newspaper service and is the responsibility of your newspaper. The distribution service delivers all of the papers (Inquirer, New York times, and Wall Street Journal). If your paper is not received, you can request a refund or a credit on your bill by contacting the newspaper's customer service number to request the credit. Inquirer 215-222-2765 -- NY Times 866-273-3612 -- Wall Street Journal 1-800-JOURNAL.

**WIFI System replacement**

On Monday, March 24th, we will begin the replacement of the WIFI system. We are expecting a total project duration of approximately 6 weeks, wrapping up in mid-May. The project will be implemented in phases and will NOT result in mass, widespread outages for any long duration. Instead, we will be replacing all system components in specific locations at one time resulting in outages limited to a few hours at a time in each area. The system components will be preprogrammed to the same configurations as the current system so your devices should automatically reestablish connection once the new hardware is installed. Please contact Brock Nichols, Director of Campus Operations, at (610) 359-4579 or via email at [bnichols@dunwoody.org](mailto:bnichols@dunwoody.org) if you have any questions or concerns.

**J- Hall Renovation and Hub Furniture**

The furniture for the Lower-Level Hub was delivered and installed this week. We are still awaiting the artwork installation which is a few weeks away. The majority of the furniture for the Board Room, Club Room, Administration and Marketing has been delivered and put in place. There are some pieces that are on back order (including the Club Room chairs) and will be installed when available. Temporary furniture will be put in place in those areas.

**Lower-Level Wall Skim Coating**

On Monday, March 24th, contractors will be onsite applying skim coat to some of the concrete block walls in the Lower-Level near the Hub and Train Room. This will provide a smooth finish and make the walls look like the drywall walls in the surrounding space. Once the walls are smooth and finished, they will be painted to match the surrounding areas.

**Infection Control**

No Residential residents have tested positive for COVID or Influenza. Two Care Center residents are positive for COVID and on quarantine. No staff members are positive at this time. Mask requirements for Patten are no longer in effect.

Happy Spring!

Maureen
