We take this time to express gratitude and appreciation for helping to shape our lives and provide us their support. We hope you enjoy spending time with friends and family on Sunday!

Corridor Between East Country Homes and Woodlea

Starting Monday, June 16th, Rumford & Rumford will be installing a new "storefront" door to the exterior as well as an interior door between the Woodlea and East Country Home corridors. This work is expected to take 2 - 3 days. The exterior "storefront" door will be locked from the outside at all times and will primarily serve as an emergency egress as needed. The interior door between Woodlea and the East Country Homes will be held open via a mag lock and connected to our fire alarm system to automatically close when the system is engaged. We will be sure to area neat and clean and minimize any disturbance and traffic limitations. We apologize for the inconvenience and appreciate your patience in this matter.

WIFI

The Wireless Access Points (WAPs) have all been replaced throughout the campus. Thank you for allowing us access into your homes for these upgrades. We will start the switch replacement on Friday, June 13th (initially communicated Thursday, June 12th). This work will start in the West Country Homes and then move the apartments early next week. There will be 1 - 2-hour WIFI outages as these devices are swapped out. Please continue to submit any connectivity issues you experience through the WorxHub app via Touchtown/Uniguest.

Auditorium Stage Light

The stage light in the Auditorium has been successfully replaced. Our contractor is working to repair the drywall which needed to be removed for the work to be completed.

Elevator 9

Elevator 9 in the Community Center has been successfully inspected and now back online for regular use. Thank you for your patience during this project. We appreciate everyone's support.

Health & Wellness

Health and Wellness hosted a COVID booster clinic on Monday, June 9, 2025. There were 173 residential living residents that received a booster. Please notify Health and Wellness if you receive a COVID booster or any other vaccine at an outside facility so we can keep your vaccination record up to date.

Gift Shop

Our Gift Shop is hoping for additional recruits for September so we may extend the hours that we are open for business. Interested residents should provide their contact information to Marion Lee, our Gift Shop staff member by emailing your interest to Josie Singer at jsinger@dunwoody.org or leaving a note at the Front Desk. As per residents' requests, the Gift Shop is now selling paper towels and bath tissue.

Infection Control

No Residential residents have tested positive for COVID at this time. One Care Center resident is positive and on quarantine. No staff members are positive at this time.

Happy Father's Day!
