Dear Residents, Families & Staff:

July symbolizes the height of summer in the Northern Hemisphere, representing radiance, strength, and outdoor enjoyment. It's also associated with independence, freedom, and transformation, particularly due to the celebration of Independence Day in the United States. The 4th of July commemorates the adoption of the Declaration of Independence by the Continental Congress in 1776, declaring the thirteen American colonies free from British rule. While the Continental Congress voted for independence on July 2nd, the Declaration, primarily drafted by Thomas Jefferson, was formally adopted on July 4th. Hope everyone enjoys the upcoming holiday but please pay attention to any heat advisories that may be issued.
