Dear Residents, Families and Staff:

This summer Dunwoody Village was fortunate to have 2 interns. Mike Giardino, a rising senior Accounting major from Penn State, and Sean Milliken, a rising sophomore Computer Science major from University of Pittsburgh who brought us their enthusiasm, creativity and talent. Mike and Sean worked on technology issues, spreadsheets, maps, inventory, charge capture, and several other meaningful projects. Mike and Sean have returned to their respective colleges. We are grateful to have gotten to know them and grateful for all that they accomplished at Dunwoody Village. We are also grateful to LeadingAge PA who funded one of the internships this summer. And for all of the Penn State fans...***We Are!*** And for all of the Pit fans...***Hail Pitt! H2P!***
