CEO Listening Sessions

Although information is communicated in the memo, through Touchtown, during Town Hall and DVRA meetings, it is important to be able to ask individual questions or provide individual feedback as well. I will be available next week to listen to your individual concerns and feedback:

Cedars East – Tuesday August 26th 11am-12pm

Woodlea- Wednesday August 27th 1:30pm

Fox Den – Thursday August 28th 3pm to 4pm

Fox Den – Wednesday September 3rd 2:30-3:30pm

Hacking

We are aware that resident emails continue to be hacked. This has nothing to do with our WiFi conversion. If you receive an email, that asks you to click on a link – DO NOT DO IT and DO NOT RESPOND! Take some time and think about what is being asked and how you can verify the request. There is no request that needs immediate attention. Some examples are: requests for gift cards, requests asking for help or to borrow money, digital invitations to attend a party. These are ALL scams. When in doubt, call the sender if it is a friend or another resident or family member making the request. If you don't know the sender, it is likely a scam. You should not respond and delete the email. To those who have been hacked, please change your email password and a mass email to all contacts that you have been hacked and that they should not click any links that appear to be sent by you.

Massage

Interested in having massage services return to campus? We are working with Ciao Bella Salon and Spa to provide services of a professional massage therapist for residents. Quiet space will be provided for residents to enjoy a relaxing massage. To help us plan how to best meet our residents' needs, please sign up on the Massage Interest Form that is posted on Touchtown, on our bulletin board, and also available on the table outside of Marketing and in the Salon. If you have any questions, contact Josie Singer at or 610-359-4424. jsinger@dunwoody.com

Break Room Open House and New Vending Machines on Wednesday 08/27/2025!

Employees are invited to stop by the new lower-level breakroom for a "grand opening" on Wednesday 08/27/2025 from 2PM – 3PM. Stop by for punch and Philly pretzels.

Additionally, our new vending machines will be installed that morning just outside of the breakroom. A representative from One Source Refreshment will be on site to discuss the features of the machines during the grand opening. Our new vending machines are state-of-the-art. The machines will accept cash, credit cards, debit cards, and Apple Pay. Employees are encouraged to download the USConnectMe app onto their phones. Using the app will save \$0.10 on each purchase. Reward points will be earned. 1.5% of purchases will be donated to the charity of your choice. Just designate that specific charity when you download the app. One Source Refreshment will be able to remotely track the most popular items and adjust our inventory as necessary.
