

February 27, 2026

Dear Residents, Families and Staff:

Unidine is excited to partner with Dunwoody Village as the new dining services provider. Unidine partners with many communities in the local Philadelphia area, allowing them to provide regional support to Dunwoody. This includes culinary support as well as support from regional dietitians. Programs include tried and true recipes, which result in consistent menu items and nutritional information. Our on-site team consists of experienced dining professionals. Please join me in welcoming:

Leon Anton, the Director of Dining, brings over 30 years of experience in the hospitality industry. Before moving to the Director level, he was a Chef and Sommelier. Leon is excited to meet you and discuss how he and the dining team can exceed your expectations for the dining program!

Julia McCarthy is our Director of Operations. Her 4 years of experience at Dunwoody and 20 years with Marriott, brings a great perspective to our team. We acknowledge and appreciate her 4 years of service to Dunwoody as we opened 5 new dining venues after our renovation and expansion in 2022. Julia will be focusing her efforts on Residential Living.

Roland Trask is part of our Operations Team support. He is an Executive Chef and will be leading the transition. Roland has 15 plus years in the hospitality industry and is assigned to new locations to help ensure a smooth transition.

Hung Myles is also from the Operations support team. His focus will be the transition for the Health Care operations. Hung is also comfortable functioning in a culinary role, making him versatile and valuable to our opening team.

Please join us this Sunday for Brunch in Hearthside. Brunch will feature an elevated menu including Carved Rack of Lamb. There are other surprises in store, so please plan to attend. The Unidine Team is excited to meet you and start a conversation!

Additionally, we are happy to announce our partnership with Hershey's Ice Cream. This upcoming Friday, March 6th, we will feature a Hershey's Ice Cream sampling event from 2:00 – 3:00 p.m. outside of the Fox Den. All residents and staff are invited to enjoy some ice cream.

Trolley Stop Brief Closure – New Opening

The Trolley Stop will close on Friday, February 27th at 8pm and will reopen on Sunday, March 1st at 10am. This will allow the location to be reimaged. We encourage you to stop by to see the changes!

Thank You to Staff!

Another snowstorm, another amazing, caring response by Dunwoody Village employees. THANK YOU does not adequately express our feelings for all you have done again to keep us safe, warm and fed in independent living, personal care and skilled nursing. Please accept the heartfelt appreciation of the Dunwoody Village Residents Association. You folks are the best!

Dunwoody Village Residents Association

Town Meeting

Please be reminded that our 1st quarter Town Meeting is scheduled in the auditorium and on Channel 1970 at 3:30 p.m. this Thursday, March 5th. Wine & cheese will immediately follow.

Pool News

We are happy to update residents that beginning, Monday, March 2nd, we will temporarily have Nancy Bader join us again in the swimming pool on Mondays, Wednesdays, and Fridays from 8am-3pm. She will be our pool attendant for supervised swimming while JiJoy is assisting in the central supply department. Karen McFee, the fitness manager, will be in the pool on Tuesdays and Thursdays from 9am-11am. The pool will be closed Saturday, February 28th and there will be no aquatic class on March 2nd and 4th only.

Infection Control

We are seeing an increased number of cases of Influenza A in the Residential Living community. Please report all respiratory or cold symptoms to the Health and Wellness Department. If you are symptomatic, please wear a mask if you must leave your unit. By choosing to come out of your unit when you are ill, you are unnecessarily exposing our community further. We are recommending that you notify Health and Wellness so that you can be swabbed. The more we work together, the faster we clear the flu from our community.

Best regards,
Maureen
