

May 15, 2026

Dear Residents, Families and Staff:

The PECO required power outage is now scheduled for Monday, 5/18, at 8:00 am, lasting for 6 hours. Please avoid using the elevator around 8:00 am. The campus will continue to have power supplied by our large whole campus generator, but power will go out for a short period of time at the start and end of the work. Please remember to make sure that your phones are fully charged.

Health & Wellness

As you may be aware, Dr. Hwang's patients recently received an inaccurate letter mailed from her MLH office. The letter stated that Dr. Alfonso would be assuming Dr. Hwang's patients' care. That is only true for her patients who do not live at Dunwoody Village; it was mistakenly mailed to all her patients. Dunwoody Village is collaborating with MLH HealthCare to recruit another geriatrician to work here in our clinic. We are hoping to make an announcement in the next few weeks.

Medicare Cards

If you have received a new Medicare card recently, please provide a copy of your new card to the Accounting Office, to ensure we have your accurate information for any of your future health care billing needs.

Benefits of Geriatric Massage – Tuesday, May 19th

The overall health benefits from geriatric massage are profound. It improves circulation, joint flexibility, muscle tone and strength, and the quality of sleep. Massage for elders also reduces pain and swelling, lowers blood pressure, and decreases stress, fear and anxiety. Greater social interaction enables the release of endorphins and strengthens a sense of well-being. Licensed Massage Therapist, Erika Martin, will be in our Main Lobby on Tuesday, May 19th, beginning at 10:30am until 1:00pm to answer questions or set up a consultation. Residents currently receiving massage services have reported improved circulation, flexibility and sleep. Don't miss out! Fill out a chance for a free massage when visiting with Erika.

Power Washing

The 2026 patio power washing process is reaching the end! The crew will begin at Penrose 533 on Monday, 5/18, and move through the Penrose patios. Please remove all small items and rugs from the patios. The crew will move the medium-sized items and work around the large items.

Pond Dredging

The pond dredging is off to a slow start but is continuing. The ramp over the hoses will be in place from 8:00am until 5:00pm every day, including Saturday and Sunday. Please be careful using the ramp.

Housekeeping – Memorial Holiday Schedule

There will be no housekeeping services on Memorial Day, Monday, May 25th.

- Monday residents will receive housekeeping services on Tuesday, May 26th.
- Tuesday residents will NOT receive housekeeping service but will receive linens.
- Wednesday residents will receive regular housekeeping services.
- Thursday residents will receive regular housekeeping services.
- Friday residents will receive regular housekeeping services.

Dining

As we prepare for Memorial Day, Dining Services is excited to celebrate the holiday with special dining features for our residents! A special Memorial Day dinner menu will be offered for both Residential Living and Care Center residents. The full menu and details will be posted on Touch-Town next week.

We are now in our second week of new menu offerings in Hearthside and the Care Center. Thank you for your continued feedback, patience, and support throughout this transition. We are aware that there have been some significant issues with service in the Care Center and Unidine and Dunwoody are actively working to address and correct all issues.

Weekly menus will continue to be posted every Sunday on Touch-Town for your review and planning. We hope you are enjoying our Salad of the Day feature along with fresh seasonal ingredients and spring selections.

Resident favorites so far have included:

- Scallops
- Salmon
- Stuffed Flounder
- Turkey Chili

Next week's featured dinner selections will include:

- Crab Cakes
- Broiled Yellowtail Tuna
- Chicken Fajitas
- One of our featured lunch specials: Classic Reuben

We are listening! Please continue sharing your feedback through the HappyOrNot station located across from the salad station in Hearthside. As we continue through this transition, we will be adjusting the menu to include a more diverse selection of vegetables and seasonal side offerings. We will also be adjusting entrees based on resident feedback, so please share! As we adjust our menus, we are looking to post multiple weeks of menus at a time.

Best regards,
Maureen
