Dear Residents, Families & Staff:

As communicated at our last DVRA meeting this past Tuesday evening, in consultation with and at the recommendation of the fire department, we will be removing the individual fire extinguishers from residents' apartments. To facilitate this process, please place your fire extinguisher **inside your apartment -- near your entry door**. Our Security team will begin collecting the extinguishers on Monday, October 19th. To help promote the safety of all residents, we ask that everyone follow the RACE principle in the event of a fire emergency:

- **R – Rescue**
Leave the area immediately and assist others in evacuating if it is safe to do so.
- **A – Alert**
Activate the nearest fire alarm pull station and call **911**.
- **C – Contain**
Close doors behind you to help contain smoke and fire.
- **E – Evacuate**
Evacuate the area and proceed to a safe location as directed.

Vehicles may be parked in any designated marked parking space; however, all fire lanes and the entrance circle must remain clear at all times for emergency access and resident transportation needs. Residents who park in fire lanes or otherwise block the entrance circle may be subject to enforcement measures, including:

- Issuance of a parking citation.
- Documentation of the violation.
- Referral of vehicle ownership information to Administration for follow-up action.

We appreciate your cooperation in helping maintain a safe and accessible environment for everyone in our community.
